

NuSource and Watlow Sign Exclusive Agreement for the Supply of Replacement Components at certain US Nuclear Power Plants

September 19, 2016 Alexandria, VA

NuSource is pleased to announce that it has entered into an exclusive teaming agreement with Watlow, a designer and manufacturer of industrial heaters, temperature sensors, temperature and power controllers and supporting software. Under the agreement, NuSource will provide the full line of safety-related (10CFR50 Appendix B), ASME Section III and Commercial Grade Watlow replacement parts for items installed at certain nuclear power plants in the United States. The agreement enables NuSource to provide "like for like" replacement components, which is the most cost effective method for replacing components in safety-related applications.

For decades, Watlow has provided thermal heating and sensing solutions to the Nuclear Power Industry. Typical solutions for critical applications in nuclear power plants include:

Pressurizer Heaters	Emergency Diesel Generator	Hydrogen Recombiner Heaters
Boric Acid Bath Tank	RCS Peripheral Water Systems	Reactor Coolant System Heaters
Multipoint Thermocouples	RTD's Sensors, Wire, Cable	Controllers and Systems

NuSource is an accredited ASME N-Certificate holder delivering engineering and manufacturing solutions to the commercial nuclear power industry. This letter serves as notification that effective August 24, 2016; NuSource is the exclusive supplier of Watlow equipment and is responsible for all technical inquiries, quotations and orders.

Watlow provides best in class engineering expertise and leading thermal products that enable customers to thrive. Since 1922, Watlow has grown in product capability, market experience and global reach. The company holds more than 450 patents and employs 2,000 employees working in nine manufacturing facilities and three technology centers in the United States, Mexico, Europe and Asia. Watlow also has sales offices in 16 countries around the world. The company continues to grow, while the commitment remains the same – to provide its customers with superior products and services for their individual needs.
